MEMORANDUM FOR: National Security Agency, IHC Member

SUBJECT: USIB File and Program Catalog (FPC) System

1. The Executive Agent of the System, DIA, has announced an extension of one month for the current issue of the File and Program Catalog. The Executive Agent has also made available the distribution list for the SI version of the Catalog. This distribution list is attached for your information.

2. The absence of NSA files in the FPC has been noted. You might consider using some of the time made available by the one month extension to include some NSA files in the next issue of the Catalog. This is of particular interest to us at this time since we have received a request from the Executive Agent (DIA) to provide an evaluation of the File and Program Catalog System soon after the next release. Your contributions to, and use of, the Catalog will enhance the scope of this evaluation.

FOR THE CHAIRMAN:

Executive Secretary, IHC
